

Pontrilas Dec 31

1850

My dear Gray

I am sorry to say your Wrightian
Tepian plants are certainly not
here and must have been packed
off by mistake into one of the
Liverpool boxes - As soon as you
were gone I sorted out all my
bundles about and leased my
room & your bundle of young
was among them - I perfectly
recollect the parcel in question
- The last day there were some
of the N. American plants originally
destined for London which you looked
over and put for Liverpool instead
probably you then put the
Wrightian one in question on to
the wrong heap

I shall write from Doulosne
to tell the precise time when we
return through London as I hope
& may come down to New Per
an hour to see the Hooker & you
- selves

I send a box with Hooker.
yours & Torrey's Encyonema - it
will leave this on Saturday
your own George L. Silliman

Mr. Keuthan
Dec. 31-'80

Intilas -
